

Founded by Hungarian immigrants as a small storefront bakery on New York's Upper East Side, Orwashers Bakery is a New York City Institution.

Orwashers

NEW YORK'S ORIGINAL ARTISAN BAKERY

Over the years, the bakery has evolved with the times fusing the bakery's rich Eastern European heritage with a contemporary artisan baking, farm-to-table sensibility.

Partnering with regional farmers, the bakery now sources heirloom and ancient grain direct from the source.

Working with local wineries and craft breweries Orwashers cultivates natural yeasts that are used to create signature starters which are the foundation of Orwashers artisan bread.
