

TECH HELPLINE

FOR THE **60+ COMMUNITY**

HELP IS JUST A PHONE CALL AWAY

At a time where we're online more than ever, a little technical support goes a long way. Tech Helpline provides advice over the phone to questions such as:

- How do I get an attachment to open?
- What happened to my WIFI?
- How does someone see me on a Zoom call?
- I touched something, and now the screen is blank

TECH HELPLINE IS FREE

Available in English, Russian and Spanish.
